**COMMENTS
OF
CHOCTAW TELEPHONE COMPANY**

Choctaw Telephone Company (Choctaw) hereby submits the following challenge regarding certain census blocks in its study area in Missouri (SAC 421893) being designated as “wireless-served” in v2.2 of the Alternative Connect America Cost Model (A-CAM). A review of the June 30, 2015 FCC Form 477 data identified a provider which may have led to the “served” designation. “Attachment A” of this filing is a list of the census blocks for which Choctaw seeks to contest the existence of a qualifying competitor identified in Form 477 data as serving in the block. Below is a narrative on the competitor demonstrating how they fail to offer service meeting all of the requisite requirements in the blocks being challenged.

Total Highspeed LLC

Total Highspeed LLC does not offer any voice service, nor do they offer residential broadband service that provides actual speeds of at least 10/1 Mbps.

“Attachment B” of this filing provides a screenshot from Total Highspeed’s website (<http://totalhighspeed.com/services/residential>) that shows their residential service offerings. To begin with, there is no mention of voice service on the page, or anywhere on their website. A phone call to the company ((417) 851-1107) confirmed that they do not offer voice service.

In addition, Total Highspeed's best residential broadband service offering, the "Custom", only provides 1.5 Mbps download. It is also notable that no price is shown for the "Custom" offering; consumers have to call the company for pricing. However, Total Highspeed's next best service plan, the "Ultimate", which provides 1 Mbps download, is priced at \$100/month. This exceeds the FCC's \$75.20 reasonable comparability benchmark for *10/1 Mbps*, unlimited usage, by \$24.80.

Respectfully submitted,

/s/ Amanda Molina

Residential Services

Prices are for monthly residential service.
For business service pricing, please [contact us](#).

The speeds listed are minimum speeds only. Many times you receive (but are not guaranteed) much faster speeds than what you pay for. To see if service is available in your area, please check our [coverage map](#), or call our office at (417) 851-1107.

All of our services are unlimited; there are no download caps!

Wireless Access Point (Optional)

Total Highspeed will provide a Wireless Access Point, sometimes known as a Router, for just \$7.50/month. Don't worry: if there is ever a problem with your device, we will take care of it.

Installation fee

A one time installation fee of \$199.00 applies to all plans. Installation includes everything needed to start surfing the internet! The Total Highspeed Wireless Access Point is available with an additional install fee of \$25.00.

Professional

\$50.00/month
512kbps download.

This plan is about 40 times faster than dial-up!

Elite

\$75.00/month
768kbps download.

This plan is great if you do some light gaming or streaming video. Our most popular plan!

Ultimate

\$100.00/month
1024kbps (1Mbps) download.

This plan is great for heavy gamers or lots of online data transfers.

Custom

Call for pricing
1536kbps (1.5Mbps) download.

Custom packages with speeds up to 300Mbps are available!
